Dear Peter,

Reference; our correspondence Wednesday, February 18, 2009; – requesting assistance.

The purpose of this letter is to, on behalf of our Organizing Committee, thank you for your generous donation of a laptop computer.

We are confident that this will now be of great use to us and we have already taken the opportunity of including your logo [with a link to your home page] on our "Sponsors and Supporters" page on our website.

We trust that some our members take the opportunity of visiting one of your many stores.

Once again thank you and wish you every success with your business during this most harsh economic down turn the world is now suffering.

Kind regards

Yours Aye

**Alan Rodgers**
